

THE BIM ENGINEERS

Leading in the world of BIM

About TBE

A Brief Story About The Company

The BIM Engineers is a leading Multinational and Multidisciplinary BIM service provider. We have been providing BIM services all across the globe in different sectors such as Healthcare, Education, Residential, Commercial, Mixed-Use, Metro, Tunnels, Highways, Industrial, and many more.

- The BIM Engineers have been acknowledged for providing innovative BIM solutions. We have more than 500 BIM professionals to provide quality outputs with a quick turnaround from our global delivery centers in India (Gurgaon), the Netherlands(Kampen), Dubai, Germany, Indonesia, South Africa, New Zealand, the USA, and the UK.
- Our global delivery system allows us to maintain constant contact with our clients, making geographical separation meaningless which has led to a long-term relationship with our clients worldwide.

- ☒ BIM MEPF Staff
- ☒ Architecture and Interior Design Staff
- ☒ Manufacturing Design Staff
- ☒ Engineering Design Staff
- ☒ CAD Drafting Staff
- ☒ Non-Technical Staff

Our Projects

Schiphol Airport

Location: Amsterdam, The Netherlands
Area: 27,870,000 sq.m.
Operator: Royal Schiphol Group
Duration: 12 months

Scope Of Work

- 3D Modeling @LOD400 (ASMEP)
- Clash Coordination
- Shop Drawings @LOD400
- Point Cloud Model Analysis & QC
- Constructability Review
- Value Engineering

Revit

Navisworks

Solibri

Recap

AutoCAD

Mass Rapid Transit Station

Location: Kuala Lumpur, Malaysia
Stations: 35
Duration: 18 months

Scope Of Work

- 3D Modeling @LOD400 (ASMEP)
- Clash Coordination
- Hanger & Support Placements
- Shop Drawings @LOD400
- CSD & Asset management
- Builder's Work Drawings

Revit

Navisworks

Dynamo

BIM360

AutoCAD

New Children's Hospital

Location: Dublin, Ireland
Area: 160,000 sq.m.
Capacity: 470 Beds
Duration: 15 months

Scope Of Work

- 3D Modeling @LOD400 (ASMEPF)
- Clash Coordination
- Shop Drawings @LOD400
- Fabrication drawings
- Constructability Review
- Value Engineering

Revit

Navisworks

Fabrication

AutoCAD

Pentavia Mill Hill

Location: London, UK
Area: 86,201 Sq. m.
Floors: 15
Duration: 12 months

Scope Of Work

- 3D Modeling @LOD400 (ASMEPF)
- Clash Coordination
- Hanger & Support Placements
- Shop Drawings @LOD400
- Constructability Review

Revit

Navisworks

Dynamo

BIM360

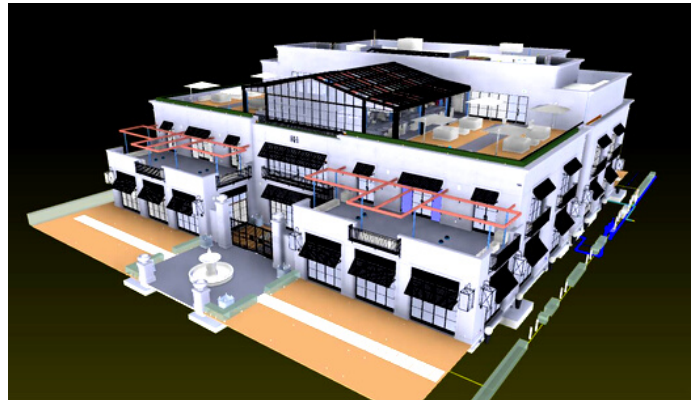

AutoCAD

RH Gallery

Location: California, USA
Area: 42,289 sq.ft.
Duration: 12 months

Scope Of Work

- 3D Modeling @LOD400 (PLM, Fire)
- Clash Coordination
- Shop Drawings @LOD400
- Fabrication drawings
- Constructability Review
- Value Engineering

Revit

Navisworks

AutoCAD

Revitzo

Mall Of The Netherlands

Location: Netherlands, Europe
Area: 195,875 Sq. m.
Duration: April, 2021 to Present

Scope Of Work

- BIM Execution Planning
- BIM Process Documentation
- 3D Modeling @LOD400 (ASMEPF)
- Clash Coordination
- Hanger & Support Placements
- Shop Drawings @LOD400
- Constructability Review
